## About Total Compass Care

Total Compass Care (TCC) provides the highest quality of assisted living options for adults faced with a variety of healthcare needs. We are focused on guiding individuals with a holistic assisted living approach.

Total Compass Care was created from leadership experiences in the healthcare industry. It is our desire to provide better living conditions for those who are not able to take care of themselves.

## Mission Statement

To serve with passion and compassion individualized services to those needing direction and continuity of care in order to live a functional daily life.

*"A highly developed value system is like a compass. It serves as a guide to point you in the right direction when you are lost."*

Our dependable, experienced caregivers and therapist are always there to offer a helping hand. You will have consistent care and visits from our staff who will become a trusted friend. Our goal is to support you and/or a loved one to maintain a safe and independent lifestyle at home

## **ADP Group Home Services**

Our group home services allow individuals who have physical limitations to remain independent in the least restrictive settings possible enabling them to stay connected with their community.

In an effort to sustain independence, we will help in goal setting and building a supportive network.

Have there been times when you could not do something you really needed or wanted to do because of your disability or health condition? Licensed through Agency with Persons with Disability (APD), Total Compass Care trained staff will help you create a support plan that will prepare you to reach each of your goals while living independently in our group home.

## What Sets Total Compass Care Apart?

- In addition to providing quality staff, a licensed professional will oversee each individualized care plan.
- Unique strategy of healthcare designed to meet a multitude of needs.
- We are insured & bonded.
- You're not a number, you're family!
